The open plan kitchen/reception is incredibly bright thanks to the floor to ceiling glass sliding doors which open out onto a terrace that runs the width of the property. Finished with polished concrete worktops and dark wood cabinetry, the kitchen has a modern aesthetic with integrated appliances. Large concrete tiles with underfloor heating complete the living room, along with dark brick feature walls, built in cabinetry and a pre-wired speaker system.

With large industrial style windows and wide board dark oak flooring, both bedrooms are fitted with built in wardrobes and set back at the rear of the property. The main bathroom continues the strong design ethos and is finished with limestone flooring, slate tiling, a rainfall shower and separate bath. The living space and master bedroom include AC and an additional WC is accessed from the hallway with underfloor heating throughout. Accessed through a sliding glass roof light, stairs lead up to the private planted roof terrace which has 360 degree views across the City with unobstructed light from dawn until dusk. This large outdoor roof space gives the whole apartment an entire floor of additional entertaining space.

Columbia Road is directly opposite which is home not only to the famous flower market but also an endless choice of boutique shops, bars and restaurants including Brawn, Campania and the Royal Oak, whilst Hoxton and Shoreditch High Street Overground Stations and Old Street are a few minutes walk away.
